## MUTEC – YOUR PLATFORM

Are you an expert, decision maker or investor in a

- museum, exhibition centre, gallery
- collection, depot, archive
- architecture, planning, engineering firm
- municipal administration, public institution
- foundation, cultural institution, cultural sector
- association for the protection of art, culture and monuments
- or a library?

Then **MUTEC** – as the **International Trade Fair for Museum and Exhibition Technology** with its interdisciplinary offer – is the ideal discussion and further education platform for you.

At MUTEC trade visitors will get a diverse overview of modern technologies, possibilities of museum equipment, creative event offers and new exhibition forms. For operators and employees of archives and libraries, MUTEC offers innovative solutions in areas such as equipment and infrastructure.

**MUTEC** is taking place for the 5th time in Leipzig parallel to **denkmal** – Europe's leading trade fair for conservation, restoration and old building renovation.

## DIVERSITY OF OFFER

Innovative technology, impressive solutions and extraordinary exhibits – at **MUTEC** trade visitors can expect a multi-faceted offer.

### PRODUCT RANGES

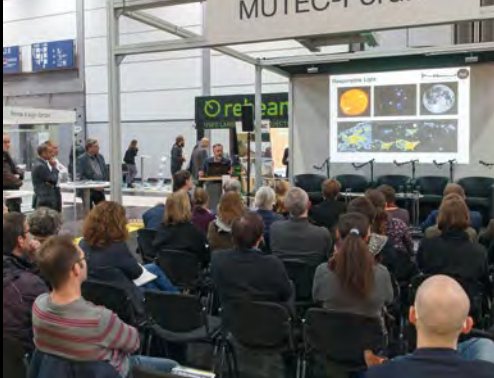

- Building museums | Technology
- Exhibition design
- Visitor services
- Media presentation
- Museum infrastructure
- Archive | Depot
- Library technology
- Management of cultural institutions
- Institutions | Publishers | Education

### „CULTURE PROTECTION THROUGH DIGITISATION“

### SPECIAL EXHIBITION

In the special exhibition, the 3D-Lab and its cooperation partners will demonstrate the possible applications for 3D technologies in the cultural sector. For example, the bandwidth of 3D scanning, rapid prototyping and 3D visualisation will be presented.

# MU TEC

## QUALIFIED CONFERENCE PROGRAMME

Together with experts from various specialist areas, the challenges and opportunities of the industry are discussed in the **MUTEC conference programme**.

### LECTURES IN THE MUTEC FORUM

In the **MUTEC Forum** directly in the exhibition hall, visitors can attend lectures by exhibitors and partners without prior registration or additional participation fees.

On all three days of the fair, exhibitors will be offering visitors in addition to their presentations at the trade fair stand, further information at lectures with interesting background information. At **MUTEC 2018** there will be special thematic blocks with panel discussions again this year.

## SEMINARS | WORKSHOPS AT MUTEC

Thursday, 8.11.2018

### Course on depot planning

Dr. Joachim Huber of Prevert GmbH has been working on the conservation of cultural assets for more than 20 years. As a museum planner he was significantly involved in the preparation and planning of over 100,000 m<sup>2</sup> of depot space for museums of all genres in the German-speaking region.

### Seminars "Donations for Cultural Heritage"

Alternative forms of financing can open up perspectives for museums, archives, libraries and cultural institutions and create scope for action to meet current requirements. Event partner is the Fundraiser magazine.

### "Make a statement: How neutral are museums"

Are museums perceived as neutral and unprejudiced cultural institutions or does this only seem to be the case? The HTW Berlin conference is intended to show different perspectives and encourage museum staff to exchange experiences.

### The 5<sup>th</sup> International Conference of the SiLK

The conference kultur!gut!schützen! will take place for the first time in Leipzig on 8 November at the Leipzig Trade Fair and on 9 November at the GRASSI Museum and will focus on the topics of prevention, salvage of cultural assets and cooperation with the responsible authorities.

## SEMINARS | WORKSHOPS AT MUTEK

Friday, 9.11.2018

### **Continuing Education Conference of the Saxon Association of Museums**

Every autumn, the Saxon Museum Association holds an advanced training conference on current museum topics. Participation for members only.

SÄCHSISCHER  
MUSEUMS  
bund

Saturday, 10.11.2018

### **Annual Meeting of the BfK on the occasion of its 20<sup>th</sup> anniversary**

„Beautiful views? Chances and problems of digitisation in the museum field“. The BfK is investigating this question at its annual meeting: How is digitisation changing freelancers' field of work in the museum environment?

### **Courses for the Recovery of Cultural Assets**

Karin von Lerber has been dealing with the topics of disaster response and disaster mitigation for cultural assets since the early 1990s. She provides the insights gained in her own rescue experience and discussions with the fire brigade, civil defence and museum experts in her courses.

### **„Assessing Risks for Your Collections“ (in English)**

Robert Waller, PhD, is the expert for heritage management at institutions and organizations from Canada. Participants learn to identify their preventive protection priorities and how best to invest their limited resources.

# denkmal

Europe's Leading Trade Fair for Conservation  
Restoration and Old Building Renovation

Together, denkmal and MUTEK form a trade fair network that is unique in Europe, building a bridge between the various sectors and inspiring interdisciplinary dialogue around the preservation of cultural heritage.
